Ascensus Global, Inc. (AGI)—founded in 2001 as MultiLingual Solutions, Inc.—provides a full spectrum language, analysis and training services. AGI's Business Solutions Division (BSD) provides expert linguist and instructional resources, technology-enabled workflows and certified quality control practices to address the complex support requirements of Fortune 500 companies, defense and civilian government agencies, as well as private sector leaders in diverse industries such as law, marketing and public relations, human resources, and international business. AGI BSD's custom-designed language and training solutions are grounded in proven practices from both government and commercial sectors, ensuring exceptional service quality and strategic alignment with each client's objectives. Whether our partners' objectives include uncovering facts for international litigation, interpreting national security developments, onboarding a multilingual workforce, or creating compelling global messaging, AGI BSD solutions drive results.
